# CORE
DUAL

QUICK & LEAN
NUMBER PLATES

The Core Dual's ability to quickly produce pairs of number plates, makes it perfect for busy pre-sales teams or workshops. To ensure compliance our software enforces British Standards, validates Registrations, and records all activity.

Additional services include our corporate branded components, waste plate recycling and managerial oversight, even for multiple branches

EFFICIENT
Easy to maintain compact printers and perforated reflective rolls considerably reduces user interaction.

COMPLIANT
Plates builder and RNPS-log software enforces BSAU 145e standards and meets DVLA recording requirements.

OUTPUT
Dual printers produce approximately 550 standard or lipped number plates each per 300m ribbon.

SYSTEM OPTIONS
Utilise pre-printed logos or advertising lips & monitor your entire production by syncing to our online portal.

Note: Requires a Windows PC, Internet connectivity and minimum operational conditions.

CORE DUAL
SYSTEM

DUAL PRINTERS

Two CL-S621 Printers from Citizen power our Core Dual systems. Simple to use & maintain, they quickly print single or paired plates onto reflective rolls.

Makes: Oblong number plates with/without lip
Printer: Two 4 inch CL-S621 thermal printers
Includes: Internal bay & mount for holding rolls
Consumable: 110mm Black Ribbon (550 plates)
Speed: 10 Seconds per Print

PLATES SOFTWARE

Core systems include our plates software which combines a builder & records Log. Security & oversight is provided by user accounts and MS Windows Services.
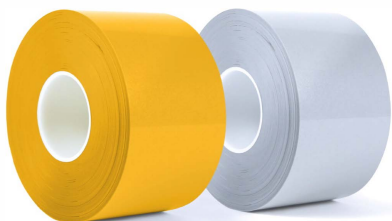

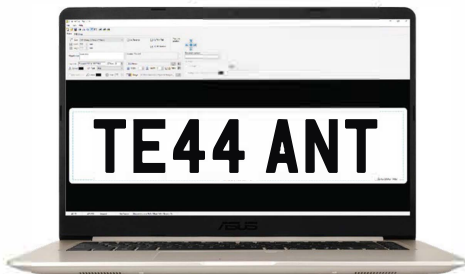

Design: BSAU 145e compliant plates builder
Records: RNPS-Log meets DVLA requirements
Security: User accounts & forced log-ons
Oversight: Windows active directory devices & print data
Branding: Supports corporate & individual templates

COMPLIANT COMPONENTS

The Core Dual makes either Film or Reflective number plates, using components we manufacture in-house. To assist with assembly, a roller jig is also provided.

Specification: Printed reflective under clear acrylic
Reflective: Perforated 50/100 panel reflective rolls
Sheet Sizes: Oblong 520x111mm or lipped 520x127mm
Pre-Printed: Simple logos, lips, flags & borders
Restocking: Contracted or on-demand supply
