

# CORE ELITE

## QUICK & LEAN NUMBER PLATES

The Core Elite is designed for printing extreme volumes of number plates, with minimal operator interaction. This system includes two printers, fed via a large internal mount that keep its reflective rolls free from dust & dirt.

Additional services include corporate branded rolls, waste plate recycling and managerial oversight across multiple locations.

**EFFICIENT**  
Easy to maintain printers and 200 panel reflective rolls reduce loading frequency & user interaction.

**COMPLIANT**  
Bundled software enforces BSAU 145e standards, validates registrations and records all activity.

**OUTPUT**  
Each XL printer produces 550 standard or lipped number plates per ribbon without being changed.

**SYSTEM OPTIONS**  
Corporate branded media and managerial oversight when syncing records with our online portal.

**Note:** Requires a Windows PC, Internet connectivity and minimum operational conditions.

# CORE ELITE SYSTEM

## DUAL PRINTERS

The Core Elite includes two CL-S700 Printers with large internal bays for 200 panel rolls. This dual printer setup outputs high volumes of compliant number plates.

**Makes:** Oblong number plates with/without lip

**Printer:** Two 4 inch CL-S700 thermal printers

**Includes:** Internal bay & mount for large rolls

**Consumable:** 110mm Black Ribbon (550 plates)

**Speed:** 10 Seconds per Print

## PLATES SOFTWARE

Core systems include our plates software which combines a builder & records Log. Security & oversight is provided by user accounts and MS Windows Services.

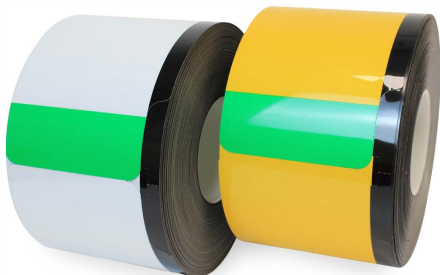

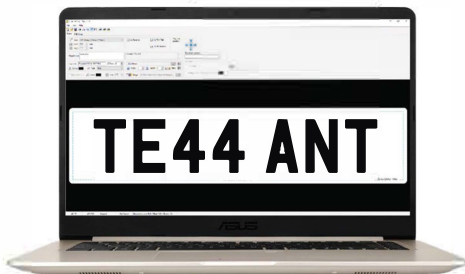

**Design:** BSAU 145e compliant plates builder

**Records:** RNPS-Log meets DVLA requirements

**Security:** User accounts & forced log-ons

**Oversight:** Windows active directory devices & print data

**Branding:** Supports corporate & individual templates

## COMPLIANT COMPONENTS

The Core Elite makes BSAU 14e certified number plates, by joining printed reflective to clear acrylic. To assist with assembly, this system includes a roller jig.

**Specification:** Printed reflective under clear acrylic

**Reflective:** Perforated 200 panel reflective rolls

**Sheet Sizes:** 520x111mm or lipped 520x127mm plates

**Pre-Printed:** Simple logos, lips, flags & borders

**Restocking:** Contracted or on-demand supply
