

CORE SHEET

QUICK & LEAN NUMBER PLATES

The Core Sheet's ability to quickly produce high-quality number plates, makes it perfect for your pre-sales team or workshop. To ensure compliance our software enforces British Standards, validates Registrations and records all activity

Additional services include our corporate branded components, waste plate recycling and managerial oversight, even for multiple branches

COST EFFICIENT

Compact yet simple to maintain printer and specialist components significantly reduce annual expenditure.

COMPLIANT

Plates builder and RNPS-log software enforces BSAU 145e standards and meets DVLA recording requirements.

OUTPUT

On-site system produces approximately 550 standard & lipped oblong number plates per 300m black ribbon.

SYSTEM OPTIONS

Utilise pre-printed logos or advertising lips & monitor your entire production by syncing to our online portal.

Note: Requires a Windows PC, Internet connectivity and minimum operational conditions.

CORE SHEET SYSTEM

COMPACT PRINTER

A CL-S621 Printer from Citizen forms the heart of our Core Sheet. Easy to use & maintain, it quickly prints standard number plates on single component sheets.

Makes: Oblong number plates with/without lip

Printer: 4 inch CL-S621 thermal printer

Includes: Rear feed tray for loading sheets

Consumable: 110mm Black Ribbon (550 plates)

Speed: 10 Seconds per Print

PLATES SOFTWARE

Core systems include our plates software which combines a builder & records Log. Security & oversight is provided by user accounts and MS Windows Services.

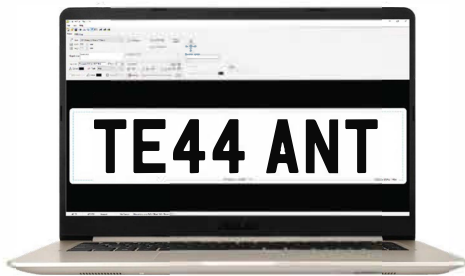

Design: BSAU 145e compliant plates builder

Records: RNPS-Log meets DVLA requirements

Security: User accounts & forced log-ons

Oversight: Windows active directory devices & print data

Branding: Supports corporate & individual templates

COMPLIANT COMPONENTS

The Core Sheet makes either Film or Reflective number plates, using components we manufacture in-house. To assist with assembly, a roller jig is also provided.

Film Spec: Reverse printed film above a reflective plate

Reflective Spec: Printed reflective under clear acrylic

Sheet Sizes: Oblong 520x111mm or lipped 520x127mm

Pre-Printed: Simple logos, lips, flags & borders

Restocking: Contracted or on-demand supply
