

# TRADE MONO

## AGILE & MARKET DRIVEN

The Trade Mono's agility is perfect for Motor Factors and Part Stores, making any number plate size the marketplace demands. Our software ensures compliance by enforcing British Standards, validating registrations, and recording all activity.

Additional services include branded components alongside up-sell options like 3D & GEL digits, flags, small & HEX plates and managerial oversight of plate production.

### EFFICIENT

Compact LED printer that's easy to use & maintain with one black toner and drum to replace.

### COMPLIANT

Bundled software enforces BSAU 145e standards, validates registrations and records all activity.

### OUTPUT

The Trade Mono produces approximately 400 number plates per 7k Black Toner & Drum.

### UPSELLS

Increase profitability with Up-Sell options like side flags, small and hex plates or 3D & GEL digits.

**Note:** Requires a Windows PC, Internet connectivity and minimum operational conditions.

# TRADE MONO SYSTEM

## A4 MONO PRINTER

Our Trade Mono utilises B432 Printers from OKI. This A4 LED Mono Printer makes any number plate size and prints onto single component sheets.

**Makes:** All number plate shapes & sizes

**Printer:** OKI B432 A4 LED Mono Printer

**Includes:** Printer, cables, feed-tray & toner

**Consumables:** 7k Black toner & drum (400 plates)

**Speed:** Approx. 10-15 Seconds per print

## PLATES SOFTWARE

Trade systems include our plates software which combines a builder & records Log. Security & oversight is provided by user accounts and MS Windows Services.

**Design:** BSAU 145e compliant plates builder

**Records:** RNPS-Log meets DVLA requirements

**Security:** User accounts & forced log-ons

**Oversight:** Windows active directory devices & print data

**Branding:** Supports corporate & individual templates

## COMPLIANT COMPONENTS

The Trade Mono makes our film Enviro-Plates, using components we manufacture in-house. To assist with assembly, a roller jig is also provided.

**Specification:** Reverse printed film above W/Y Enviroplate

**Benefit:** Film is more cost-effective than reflective

**Coverage:** All our number plate media sizes & shapes

**Pre-Printed:** Colour logos, lips, flags & borders

**Restocking:** Contracted or on-demand supply
