ENVIRO-PLATE

ECO-FRIENDLY & ECONOMICAL

Tennants Enviro-Plate is the most efficient number plate on the market. Eco-friendly Enviro-Plate is both recyclable & made using recycled ABS, reducing its carbon footprint by 83% compared to virgin ABS and 73% versus recycled Aluminium.

Printing onto film helps Enviro-Plate to be efficient & reduces annual expenditure. Film is a fraction of the price of reflective sheets, so every number plate costs less. Expensive errors from misprinted registrations are also significantly reduced.

Switch to Enviro-Plate for complaint & eco-friendly number plates.

SUSTAINABLE

Enviro-Plate is recyclable & made using 90% recycled ABS, cutting its footprint by 83% to 0.24kg of CO₂e per plate.

EFFECTIVE

The UK's most competitively priced number plate, saving clients over 25% compared to competing products.

DURABLE

At 125 microns thick our Clear Film is durable enough for handling and passes all weathering & durability tests.

COMPLIANT & 3D COMPATIBLE

Enviro-Plates specification was recertified to BSAU 145e in 2024 and is compatible with 3D & GEL Digits.
